Moderated by Christopher Cheung of the Tyee, this event will build on last year's WTPD celebration of milestones in the past 60 years, and look ahead at the next 60-100 years of planning in our region. What are the next **big moves**? How will planners address the region's **biggest challenges**? What is the legacy we hope to leave for **future generations** in Metro Vancouver?

Our esteemed panelists include:

**Kamala Todd**, Indigenous Arts a Culture Planner at City of Vancouver

**Eve Hou**, Project Manager for New Mobility, TransLink

**Andy Yan**, Director of the City Program at Simon Fraser University

**Heather McNell**, Director of Regional Planning and Electoral Area Services

**Tammara Soma**, Assistant Professor at Simon Fraser University

An evening brought to you by:

**McElhanney**
