

# INFRASTRUCTURE DEFICIT AND URBAN SPRAWL - UNDERSTAND THE CONNECTIONS TO AVOID FINANCIAL CRISIS AND SUPPORT HEALTHY AND RESILIENT COMMUNITIES

**Who:** Planners, Engineers, and Financial Officers  
**When:** Thursday, October 27<sup>th</sup>, 2016 1:30 to 4pm  
**Where:** CFB Esquimalt Wardroom – Lower Lounge  
1586 Esquimalt Road, Victoria, BC  
**Cost:** \$15.00; \$10.00 for students

**CPL Credits:** 2.5

**Registration:** <https://www.apeg.bc.ca/Events/Events/2016/VC2OCT16>

**This interactive workshop will identify how you can help your communities:**

- save money
- support sustainable assets and service
- encourage integrated decision making
- achieve sustainable land-use policies

The event is based on the success of workshops delivered at the annual conference of the Canadian Network of Asset Managers (CNAM), the Canadian Institute of Planners (CIP), the Planning Institute of BC (PIBC), the Local Government Management Association (LGMA), and the Government Finance Officers Association of BC (GFOABC). In addition to an engaging presentation and discussion, participants will be introduced to the award-winning (PIBC Gold, CIP Award of Merit) Community Lifecycle Infrastructure Costing Tool (CLIC Tool).

Facilitated by Narissa Chadwick, MCIP, RPP (Senior Planner for the Province of BC) and Kim Fowler, MCIP, RPP (Sustainability Makes Cents Consulting)

Special guests include: Wally Well, P.Eng (Executive Director Asset Management BC). and Bernadette O'Conner, CAMA (Internationally Certified Asset Management Assessors)
