

i-Tree tool and its use in Canada

Friday, February 19, 2016

8:30 — 11:30 am

**Coast Hotel & Convention Centre
20393 Fraser Hwy, Langley, BC**

Benefit from this **in-person, hands-on training** workshop and unlock the potential of i-Tree.

- **Virtually plant a tree or forest and evaluate tree growth visualization and environmental benefits over time**
- **Compare tree species' effect on canopy cover, energy costs of nearby buildings and water retention**
- **Conduct a community street tree inventory and evaluate the current benefits and costs**
- **Plus more!**

Who is this for?

- Landscape architects and designers
- Parks and grounds professionals
- Urban planners
- Property managers and owners
- Utility companies and more!

Register by December 22 to save!
